

Secure your spot in an Aledade ACO before the 8/1 deadline.

Time is running out to join an Aledade Accountable Care Organization (ACO) for performance year 2025. Don't miss out on the chance to position your primary care organization to succeed in value-based care now and in the future with over 1,900 Aledade member practices and health centers across 45 states.

What could happen if I don't enroll today?

Face limited backing, resources, and safeguards for you to thrive in value-based care

Struggle to keep up with complex reporting requirements and policies in a changing health care landscape

Staff will face additional stress over increased workloads

Delay opportunities to earn shared savings across multiple payers*

Continue use of disjointed technology platforms that lack insights at the point of care

Potentially miss the CMS deadline to have all Medicare beneficiaries in an accountable care relationship by 2030

Join now before it's too late!
